7 Co-ordinating Stressless® comfort

8 Comfort is being in control

9 More space, more comfort

10 Matching designs means more comfort

11 Tilting footstool for extra comfort

12 Individual comfort

13 Sound and vision

14 Leathers, fabric, colours and wood finishes

The Innovators of **Comfort**™

Introduced in 1971, Stressless® was the first recliner designed to meet your body's need for movement and support when seated. Now, with worldwide sales of over five million and the introduction of Stressless® reclining sofas, Stressless® is known as the ultimate recliner.

Today, Stressless® is still the 'original and best' because our key concern is improving comfort. From a new feature or idea, if it increases comfort you'll find it on our recliners and reclining sofas. As 'innovators of comfort' we have never compromised and we never will.

So whenever you're looking at reclining furniture, make sure it carries the Stressless® logo. Then you will know it's an original from 'The Innovators of Comfort™.'

YOUR GUARANTEE OF ORIGINAL COMFORT

Start with the **Comfort test™**

Words and pictures cannot begin to capture the exceptional comfort of a genuine Stressless® recliner or reclining sofa.

You just have to try it! Then you'll appreciate the patented features you won't find on other recliners, from the glide system that follows your slightest movements, to the Plus™ system for correct neck and lumbar support in every position. Visit your nearest Stressless® Comfort studio now and take the **Comfort test™**, after all, feeling is believing!

- Does the height and width of the recliner fit you perfectly?
- Is the footrest the right distance away to give maximum support for the length of your legs?
- Does the recliner follow your every move?
- Does the recliner's gliding movement easily adapt to suit your weight?
- Does it provide good lumbar support in all positions?
- Can you lie down, read or watch TV – and always feel that your neck is supported comfortably?
- Is it possible to adjust the headrest so that it is flat in the reclining position?
- Do you have the feeling that the back of the recliner reclines sufficiently?
- Does the recliner feel stable and safe?
- Do you notice how your whole body relaxes?

You choose the combination, we guarantee the **comfort**

Stressless® Dream recliner and foot stool with Stressless® Paradise low back 3 seater and high back 2 seater sofas.

The Stressless® Paradise is available in a variety of combinations, all with individually adjustable seating in both high back and low back sofas. But unique Stressless® comfort is the one thing that always remains the same, whichever combination you choose. Paradise corner comes in large and medium.

Now you can have a low back Stressless® sofa with individual adjustable seats.

The high back Stressless® sofa with all the famous Stressless® features is the best TV-sofa available.

Wooden front panels are optional. Choose from seven different colours.

Stressless® Paradise medium corner roomset.

If size matters there's Stressless® Granada or Eldorado

Stressless® Granada 2007 with new medium corner unit.

Stressless® Eldorado 2007 high back reclining chair and Stressless® Eldorado 2007 low back reclining 3 seater sofa.

Stressless® Granada and Stressless® Eldorado are the same design but different in width. If you like the look, check the measurements in our latest brochure.

Stressless® Eldorado chair.

Stressless® Eldorado 2 seater sofa.

Stressless® Eldorado 3 seater sofa.

Co-ordinated Stressless® comfort

Stressless® Space low back reclining chair, Space high back 2 seater and low back 3 seater reclining sofas.

Comfort is being in control of the remote

In the armrest of the Stressless® Sphinx sofa, there is a hidden space for remote controls and everything else you want close to hand. Saving that search when your favourite programme is about to begin. The small things can make all the difference.

Stressless® Sphinx 2007 high back chairs and 3 seater low back reclining sofa.

Stressless®
Pegasus high back
reclining 2 seater sofa.

Stressless®
Pegasus low back
reclining 3 seater sofa.

Stressless® Pegasus 2 seater high back and 3 seater low back reclining sofas.

More space, more **comfort**

Stressless® Wave roomset with new medium corner unit and Pacific recliner with foot stool.

Five individually adjustable seats – two high backs and three low backs, with a fabulous big corner in the middle. With all these combinations you'll never want to get up.

Stressless® Wave high back 2 seater and low back 3 seater reclining sofas.

Matching designs means more **comfort** for everyone

Stressless® Mayfair recliner with stool, Stressless® Windsor 2007 low back 3 seater sofa and Stressless® Windsor 2007 2 seater reclining sofa.

Now it's easy to find a design to suit your individual requirements as Stressless® Windsor and Buckingham are matching designs but with different seat sizes so as you arrange your living room and personal comfort without compromise.

Stressless® Buckingham roomset.

Tilting free-standing footstool for extra **comfort**

Tilting Stressless® Kensington footstool.

Stressless® Westminster 3 seater reclining sofa and Stressless® Kensington recliner with footstool.

The free-standing footstool is a perfect example of the Stressless® concept of movement, relaxation and comfort. It fits everyone, regardless of leg length, as the top cushion tilts and follows the movements of your feet when you recline.

Individually adjustable seats – for individual **comfort**

- 1 The foam is moulded over a steel frame which provides a perfect contour of your body as well as ensuring the cushions longevity and comfort.
- 2 A soft polyurethane foam pad for optimum softness.
- 3 Super-soft polyester fibre provides a touch of luxury.
- 4 Flexo springs on a steel frame ensure durable construction and strength.
- 5 The Plus™ system automatically provides correct support for your head and lower back. Featuring a double-sided frame for maximum stability, functionality and lifetime use.
- 6 Only genuine top-grain leather covers the front and back of Stressless® chairs.
- 7 The Stressless® glide system automatically adjusts to your body weight with no buttons or levers to pull.
- 8 The distinctive double support base offers turning and stability far smoother than the single support swivels fitted on most recliners.
- 9 The concealed swivel ring means you can easily turn full circle. And the graceful curve shaped base is designed for great strength and durability.

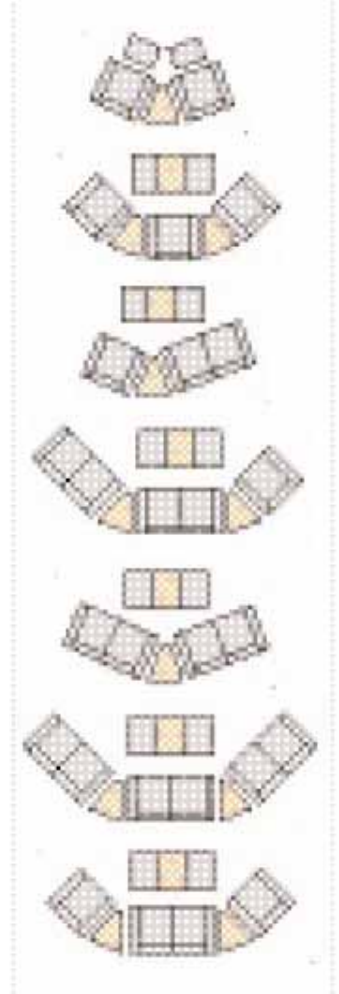

Sound and vision **comfort**

Stressless® Arion 2007 roomset with new sector arm table and double ottoman with optional table.

It makes even more sense to plan your home cinema with Stressless® sofas and recliners in mind. With individually adjustable seats, courtesy of the perfectly balanced glide system, correct neck and lumbar support provided by the Plus™ system, and height-adjustable headrests, Stressless® is the best TV furniture ever. The double ottoman featured with optional table, provides an ideal 3 in 1 mix of footstool, table and storage space all in one unit!

This will leave you free to really enjoy the full home cinema experience.

A fantastic variety of leather, fabric, wood and colour options

BATICK

Is a corrected, pigmented and grain embossed upholstery leather, which has had most of its natural marks removed. The protective layer of lacquer allows spillages to be removed easily.

CLASSIC

Is a corrected, pigmented and grain embossed upholstery leather, thicker than Batick with a larger pebbled grain. Most of the natural marks are removed, however some may still show.

PALOMA

Is an upholstery leather with a combination of dyes and pigments in the finish. Paloma has a natural grain pattern and visible natural marks. The light finishing treatment improves the physical properties and gives a more uniform colour.

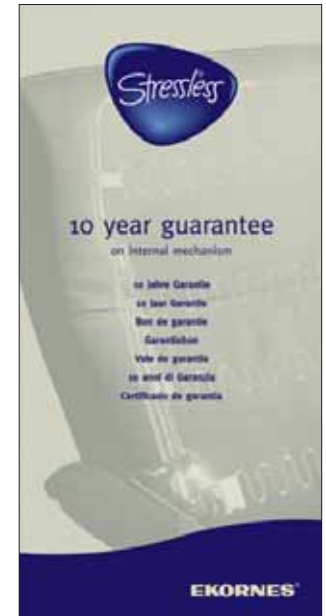

ROYALIN

Is the most exclusive quality of Ekornes® leather, an upholstery leather with a natural pebbled grain and visible natural marks.

FABRIC

Ekornes® have 2 fabric ranges available – Placidus and Julian. Placidus is a 'chenille' type of fabric and Julian a 'flatweave'.

THE STRESSLESS® BASE is made of laminated European beech – a light coloured wood with an attractive grain that is ideal for colour staining. The hardness of the wood makes beech furniture extremely durable.

To experience the ultimate in comfort yourself and to receive a free catalogue showing the complete Stressless® and Ekornes® Collection please visit our instore Stressless® Comfort Studio, or www.stressless.co.uk
