Alia round table with Titan veneer in oak natural lacq.

Frontpage:
Alia Ellipse table in oak natural lacq.

The Alia collection

designed by Morten Svendsen

The Alia dining table has a classic, but still modern design with beautiful leg details. It matches any home interior from classic to modern. The Alia table is available with slim edge.

The rectangular can be chosen with a fixed tabletop with solid edges and a smart integrated storage facility for extension leaves at each end and can be ordered with one or two extension leaves, or with a smart butterfly extension solution in the middle.

The super ellipse Alia table is beautiful with a curved shape and modern legs. It opens in the middle with a smart butterfly extension solution; it can not be easier. You can also get the super ellipse Alia table in a fixed version.

The Boat shaped Alia you can choose with the stunning Intarsia veneer - it has a smart butterfly extension solution in the middle.

The round Alia table you can choose in a version for 2 or 4 extension leaves. Extension leaves must be ordered separately.

The table is available in a wide selection of wooden finishes as well as hard-wearing laminate finishes in a wide variety of colours.

The Oculus range of sideboards, highboards and display cabinets, can be ordered with Corna legs, that match the Alia legs beautifully. The cabinets are veneered with rounded solid edges and mitre joints. Doors and drawers are with nicely recessed oval handles. All cabinets are also veneered at the back, so they can be free standing as well.
