Corna Ellipse table, Maior chair in light oak lacq.

Frontpage:
Corna Ellipse table, Cor chair in dark oak lacq.

The Corna collection

designed by Morten Svendsen

The Corna dining table has a classic, but still modern design with beautiful leg details. It matches any home interior from classic to modern. All venee products are lacquered and veneer topplates have extra strong lacquer. All solid tables are oiled.

The rectangular can be choosen with a fixed tabletop with solid edges and a smart integrated storage facility for extension leaves at each end and can be ordered with one or two extension leaves, or with a smart butterfly extension solution in the middle.

The super ellipse Corna table is beautiful with the curved shape and modern legs. It opens in the middle with a smart butterfly extension solution, it can not be easier.
You can also get the super ellipse Corna table in a fixed version.

On the round Corna table the edgy legs have been turned into 4 legs comming out from the centre, which optimize space for chairs. Choose version for 2 or 4 extension leaves. Extension leaves have to be ordered separately.

The table is available in a wide selection of wooden finishes as well as hard-wearing laminate finishes in a wide variety of colours.

The Oculus range of sideboards, highboards and display cabinets, can also be ordered with matching Corna legs, the cabinets are veneered with rounded solid edges and mitre joints. Doors and drawers are with nicely recessed oval handles. All cabinets are also beautifully veneered at the back, so they can be free standing as well.

Enjoy.

Morten Svendsen, owner of PBJ
